

January Friends and Family Test

- My doctor all day
- Appointments are always bookable and staff are helpful. We have always found it possible to discuss things with our doctor.
- Never had any problems with the staff or my GP. Always professional and helpful. I feel very lucky. Too many people moan but do nothing about their problems. Thank you
- Whilst being very professional everyone also very caring and human!
- As always, friendly, caring and knowledgeable person. Not afraid to ask anything as always made to feel at ease.
